Introduction

The Nonpublic Postsecondary Education Commission (NPEC/the Commission) was established by the passage of the Nonpublic Postsecondary Educational Institutions Act of 1990 by the Georgia General Assembly. The agency staff began operations on April 10, 1991, and the first Board of Commissioners were appointed by the Governor in 1992. Prior to the creation of NPEC, the Georgia Department of Education was responsible for regulating non-degree granting institutions (under the Proprietary School Act) and degree granting institutions (under the Postsecondary Educational Authorization Act). The Nonpublic Postsecondary Educational Institutions Act of 1990 repealed these earlier statutes and consolidated regulatory authority within the Commission.

As of 2015, NPEC is the agency that houses the Georgia Authorization Reciprocity Agreement (GA-SARA). This program is part of a national interstate compact that allows public and private colleges and universities the ability to offer online programming to students across the country without incurring additional authorization fees in other states.

Though the agency has transitioned to permanent remote work, the NPEC administrative office is in Tucker in the Georgia Student Finance Commission building. The Nonpublic Postsecondary Education Commission is attached to the Georgia Student Finance Commission for ***administrative purposes only***.

Board of Commissioners

Pursuant to O.C.G.A. § 20-3-250.4, the Board of Commissioners is comprised of eleven (11) members appointed by the Governor and confirmed by the Senate. The members are appointed for three-year terms of office and may serve two terms consecutively. The 1990 Act specifies the Commission must include a member appointed to represent each of the following: a degree-granting institution, a nondegree-granting institution, and an exempt institution. The Commission is required to meet at least quarterly or at the call of the chair. During Fiscal Year 2025, the Commission met five (5) times.

Dr. Drew Van Horn, Chair, Exempt Institution Representative (Retired January 2025)

Van Horn is president of Young Harris College (retired December 31, 2024). He has over 30 years of experience in higher education, including nine years as president of Brevard College in North Carolina, a private, residential liberal arts college affiliated with the United Methodist Church. Prior to his tenure at YHC, Van Horn served as interim vice president of university advancement at Iowa Wesleyan University in Mt. Pleasant, Iowa. He also served as vice president of institutional advancement at Lenior-Rhyne University in Hickory, North Carolina. Van Horn currently serves on the Board of the Georgia Independent College Association and the Peach Belt Athletic Conference. He is a two-time Academic All-American in basketball and is a member of the Elon University Athletic Hall of Fame. Van Horn earned a Bachelor of Arts at Elon College, an M.Ed. from Campbell University in Buies Creek, North Carolina, and a Ph.D. in Higher Education Leadership from the University of South Carolina. He and his wife, Camille, have two grown children.

P.K. Martin, Vice-Chair, At-Large Post #3

Martin is a former state senator from Georgia's 9th District. During his time in the General Assembly, Martin was the chairman of the Education and Youth Committee and served as an Administration Floor Leader from 2017-2021. In 2000, he graduated from Georgia Tech with a bachelor's degree in international affairs and went on to join Hood Insurance Agency, where he is now president. He and his wife, Amanda, have two children and are active members of Holy Cross Cathedral in Loganville.

Kate Patterson, Secretary, At-Large Post #8

Patterson is the first appointed Director of the newly created Watkinsville Downtown Development Authority. Additionally, she is on the Board of Bethel Haven, a non-profit Christian Counseling Agency in the Athens area, volunteers with the Presbyterian Homes of Georgia, and serves in her Church. Her experience in non-profit leadership and real estate and her passion to serve her community support her interest in seeing her community of Watkinsville thrive. Patterson is a former Preschool Director. She is a 2011 graduate of Leadership Georgia and served as a Program Chair for the organization in 2015. She is passionate about people and loves to serve.

Dr. Linda Adkison, Degree-Granting Institution Representative

Adkison is the associate provost at the Philadelphia College of Osteopathic Medicine (PCOM) which has campuses in Philadelphia, PA, Suwanee, GA, and Moultrie, GA. She resides strategically between the two Georgia campuses and close to the Atlanta International Airport to commute to Philadelphia easily (pre-covid). Dr. Adkison works with the provost and the office of academic affairs to formulate and administer organizational policies and respond to external regulatory groups for all colleges and schools on PCOM's campuses.

Prior to joining PCOM, Dr. Adkison served as the Provost and Dean of Trinity Medical Sciences University and School of Medicine in St. Vincent and the Grenadines, the Associate Dean of Curricular Affairs at Kansas City University, and Professor of Genetics and Professor of Obstetrics and Gynecology at Mercer University. Dr. Adkison received her Bachelor of Science Master of Science degrees at Georgia Southern University before completing her doctoral degree in genetics at Texas A&M University. Dr. Adkison completed an NIH post-doctoral fellowship at the Jackson Laboratory in Bar Harbor, ME before joining Mercer School of Medicine.

Ryan Blythe, Certificate-Granting Institution Representative

Blythe is the founder of the Georgia Trade School. He was previously a member of the Go Build Georgia Advisory Council and sat on the boards of the Kennesaw Business Association and the Construction Education Foundation of Georgia. Blythe is a graduate of Oglethorpe University. He has one child and lives in Smyrna.

Dr. Don Dowless, Exempt Institution Representative (Appointed April 2025)

Don Dowless has served since June 2011 as the President of Shorter University in Rome, Georgia. He holds a Ph.D. in Religion from Baylor University, an M.Div. from Southeastern Baptist Theological Seminary, and a B.A. in Biology from the University of North Carolina at Chapel Hill.

He previously served as the Vice President of Academics at North Greenville University in Tigerville, SC, and as the Associate Provost at Charleston Southern University in Charleston, SC. He is a member of the Board of Directors for Conference Carolinas and also serves a Board member of the Georgia Independent College Association.

Dowless has teaching experience at North Carolina State University, Campbell University, Southeastern Seminary, and Emmanuel University of Oradea. In addition to teaching, he has missions experience in Romania and West Virginia. He and his wife are members of Pleasant Valley South Baptist Church in Silver Creek, GA.

Pranay Udutha, At-Large Post #1

Udutha is QuantumScape's Director of Strategic Initiatives / Corporate Development. Previously, he invested in early-stage startups driving sustainability across every sector of our economy at ARPA-E, the federal government's venture capital agency. He led the agency's corporate development team and was operationally engaged with a broad range of startups, from ag-tech to aerospace. He was previously a senior advisor in the White House, where he developed strategic partnerships with private sector firms and with other nations on various economic development issues. On Capitol Hill, Pranay served on the Senate Finance Committee for 2017's landmark tax reform negotiations, and advised members of Congress on various issues, from economics to higher education policy.

Doug Roper, At-Large Post #2

Roper is the Mayor of Vidalia and the Branch Manager at Vidalia Federal Savings Bank. An active member of his community, Roper has served on the Greater Vidalia Chamber of Commerce Board of Directors, served as a mentor with Toombs County Family Connections and past chair of the Fellowship of Christian Athletes. He served nine years as a member of the Vidalia City Board of Education and past President of Georgia School Boards Association. Roper holds a bachelor's degree in Speech and Communications from Clemson University. He and his wife, Marly, have two sons.

Amanda B. Shailendra, At-Large Post #4 (Term concluded January 2025)

Shailendra is the local partner manager for Google Fiber in Atlanta. She previously worked in economic development for the City of Atlanta and the State of Georgia, where she supported projects for Mercedes-Benz, KIA Motors, athenahealth and AT&T Mobility. Shailendra sits on the board of directors for the Georgia Department of Economic Development and Dad's Garage Theatre Company. She is also a member of the honorary board for the Atlanta Ballet. Shailendra earned a bachelor's degree from Wake Forest University and a master's degree from Georgia Tech. She and her husband, Paul, have two children and reside in Atlanta.

Michael Foor, At-Large Post #4 (Appointed January 2025)

Michael Foor is the President of Operations for Kinetic by Windstream in the state of Georgia. In his role, he leads initiatives to expand and enhance broadband services across Georgia, driving community and economic development through advanced communications technology.

Michael is actively involved in his community and serves as a board member for the Georgia Chamber. He has previously served as the Chair for the Rural Prosperity Council for the Georgia Chamber of Commerce, where he played a pivotal

role in promoting economic growth and development in rural areas. Additionally, he has been a member of the White County Development Authority, contributing his expertise to support local business and infrastructure projects. Beyond his professional commitments, Michael is deeply engaged with his church, reflecting his dedication to community and service. He holds an MBA from Brenau University.

Michael and his wife, Tracy, are the proud parents of three daughters and grandparents to three grandsons. His family is a central part of his life, and he cherishes the time spent with them.

Dr. Lance Barry, At-Large Post #5

Barry was appointed to the Georgia Nonpublic Postsecondary Education Board of Commissioners by Governor Brian Kemp in March of 2024. Dr. Barry retired from private practice in 2017.

Dr. Barry has a comprehensive record of achievement and success demonstrated by his military service, education, podiatric practice, and his lifelong commitment to community support and engagement. He was a member of the USAF from 1978-1982 where he achieved the rank of Sergeant serving as an Aerospace Ground Equipment Mechanic. He completed his undergraduate degree in 1986 at Southern Illinois University earning a Bachelor of Science degree in Biology with minors in Mathematics and Chemistry. He earned his Doctorate at the William M. Scholl College of Podiatric Medicine at the Rosalind Franklin University of Medicine at the University of Chicago. Over his 27 years of private practice, he had office locations in Bartow and Paulding Counties and was an active member of the surgical staff at CMC and Wellstar Hospitals. Barry was the first Georgia Podiatrist to complete all 3 areas of Board Certification, and this accomplishment was recognized January 6th, 1998, in a Georgia House Resolution (823). His community service spans decades and includes being a Cartersville Chamber of Commerce BOD member, completing Leadership Bartow Class of 1994, voted the Cartersville Chamber of Commerce Small Businessperson of the year 1995, founding member of the Booth Western Art Museum, Legacy Member of the Savoy Automobile Museum, past VP of the Etowah Valley Historical Society, past President of the United Way of Bartow County, past President of the Bartow Chapter of the American Diabetes Association, and member of the Carl Boyd American Legion Post 42. Currently, Barry is a rotary member and founding advisor of the Rotaract Club of GHC. He has completed 30 marathons (26.2 Miles) including qualifying for and completing the 2004 Boston Marathon. In addition, he currently is a Georgia Highlands College Foundation Trustee and Inaugural Chairman of the Cherokee Judicial Circuit Mental Health Court Community Council. Barry is committed to service above self. Barry and his wife Anna have one son and reside in Cartersville, GA.

Dr. Norma Nunez-Cortes, At-Large Post #6

Nunez-Cortes is the Title I Federal Program Director for the Appling County Board of Education. She is a former president and current vice chair of the Baxley-Appling County Chamber of Commerce. Nunez-Cortes is a member of the Heart of Georgia Altamaha Regional Commission, the Appling County Hospital Authority and the Appling County Family Connection Collaborative. She is also a member of the Lions Club International, Kiwanis International, the Appling County Board of Health and Telamon HSEAC. Nunez-Cortes earned a bachelor's degree in criminal justice and a master's degree in School Counseling from Georgia Southern University. She also earned a specialist degree in Educational Administration and Supervision from Lincoln Memorial University. Nunez-Cortes is a graduate of the Georgia Academy for Economic Development. She and her husband, Juan, have two children and live in Baxley.

Jim Squire, At-Large Post #7

Jim Squire, Certified Franchise Executive, serves as president and CEO of Franchise Marketing Advisors, LLC, a broad-based franchise development consulting practice. Prior to FMA Squire was a senior executive with such well-known franchise brands as Firestorm, HoneyBaked Ham, Great American Cookies, Arby's, Day's Inns, and Howard Johnson. Passionate about franchising as the "great American dream", Squire is a member of the Board of Trustees of the International Franchise Association Foundation and recipient of the Foundation's highest honor, the William Rosenberg Leadership Award. He is the founding chairman of IFA's Institute of Certified Franchise Executives and is

a former member of the IFA Board of Directors. On the local level, he serves as chairman emeritus of the Southeast Franchise Forum and chairman emeritus of the Georgia Restaurant Association.

Tuition Guaranty Trust Fund Board of Trustees

Pursuant to O.C.G.A. § 20-3-250.27(b)(2), the Board of Trustees, who administers the Tuition Guaranty Trust Fund, is comprised of five (5) members of the commission designated by majority vote of the commission, where at least two members, by June 30, 2020, shall represent postsecondary educational institutions. The five members of the commission who are selected serve one-year terms. The commission appoints one of the members as chairman of the Board of Trustees. The executive director serves as executive director and secretary of the Board of Trustees. Three members of the board constitutes a quorum and meets quarterly or at the call of the chairman. During Fiscal Year 2025, the Board of Trustees met four (5) times, prior to each of the Quarterly Commission meetings.

Dr. Drew Van Horn *Chair (Retired January 2025)*

P.K. Martin, *Vice Chair*

Ryan Blythe

Kate Patterson

Jim Squire

Dr. Kirk Shook, *Secretary & Executive Director (Non-Voting Member)*

Commission Meetings

O.C.G.A. § 20-3-250.4(e) requires the Commission to meet at least four (4) times each fiscal year to administer its duties. Topics of discussion include:

- Commission budget
- Staff reports
- Legislation affecting the Commission
- Adverse actions taken by the Commission
- Tuition Guaranty Trust Fund updates
- Rules/Policy changes of the Commission
- Updates to Minimum Standards
- Relationships with public postsecondary education institutions
- Agency initiatives
- Precipitous Closure Payout Approvals
- Commission approvals as required by Georgia Code

Comments from the Executive Director

The Nonpublic Postsecondary Education Commission (NPEC) provides a service to Georgia's citizens by authorizing and regulating the operations of for-profit and not-for-profit private postsecondary institutions. Additionally, it is responsible for oversight of out-of-state public and private institutions that choose to operate in Georgia.

NPEC is leading the way in modernizing higher education regulations. Beginning in 2018, NPEC began collecting student outcome data from all unaccredited authorized institutions, in accordance with O.C.G.A. § 20-3-250.6(a)(4). In FY25, in conjunction with the Governor's release of the High Demand Career List (HDCL), agency staff began working on a plan to report this data (in particular, graduation and job placement rates) and monitor the progress of institutions at meeting specific benchmarks related to graduation and placement rates. This report will be in place in FY26 for internal purposes, with the goal of making this data publicly available in the future.

Pursuant to O.C.G.A. §§ 20-3-250.5(c)(4) and 20-3-250.17, NPEC is required to maintain permanent file copies of academic records (transcripts) for students of nonpublic postsecondary educational institutions that once operated in Georgia but now are closed. Throughout the agency's history, administrative staff have fulfilled transcripts for closed institutions when requested by former students. However, as the number of requests has grown over time, this has caused a longer delay in fulfilling these requests for Georgia students. To better serve these hard-working Georgians, in FY25, NPEC contracted with a third-party vendor to fulfill these requests. Essentially overnight, transcript fulfillment dropped from almost 5 business days to almost instant fulfillment.

Regulatory staff continue to work remotely, and our agency has used remote work to successfully retain staff at a time in which other state agencies are struggling to recruit and retain workers. This has also allowed for NPEC to have two employees who live in South Georgia (Tifton and Savannah) to continue to work with the agency and better serve all Georgians, not just those in the metro Atlanta area where the NPEC office is located.

On behalf of the Commission, thank you for your support of our vision to promote excellence, efficiency, and systematic improvement in the regulation of nonpublic postsecondary institutions to ensure quality education for improving the workforce in Georgia and the lives of Georgia's citizens.

Dr. Kirk Shook

Executive Director

Organization

This agency administers the Nonpublic Postsecondary Educational Institutions Act of 1990 by providing ongoing assessment and evaluation of private postsecondary institutions operating in the state. Oversight is achieved through review and processing of institutional applications and inspection of in-state physical facilities, investigation of student complaints, and facilitation of institutional closures and the resulting surrendered student records. Additionally, staff regularly propose new or revised policies and procedures in the aim of enhancing Commission operation and effectiveness, reducing regulatory burdens on institutions while balancing student interests, and consumer advocacy.

Mission

The agency's mission is to ensure that each authorized nonpublic postsecondary educational institution in Georgia is satisfying its commitments to hardworking Georgians through sound academics and financial stability.

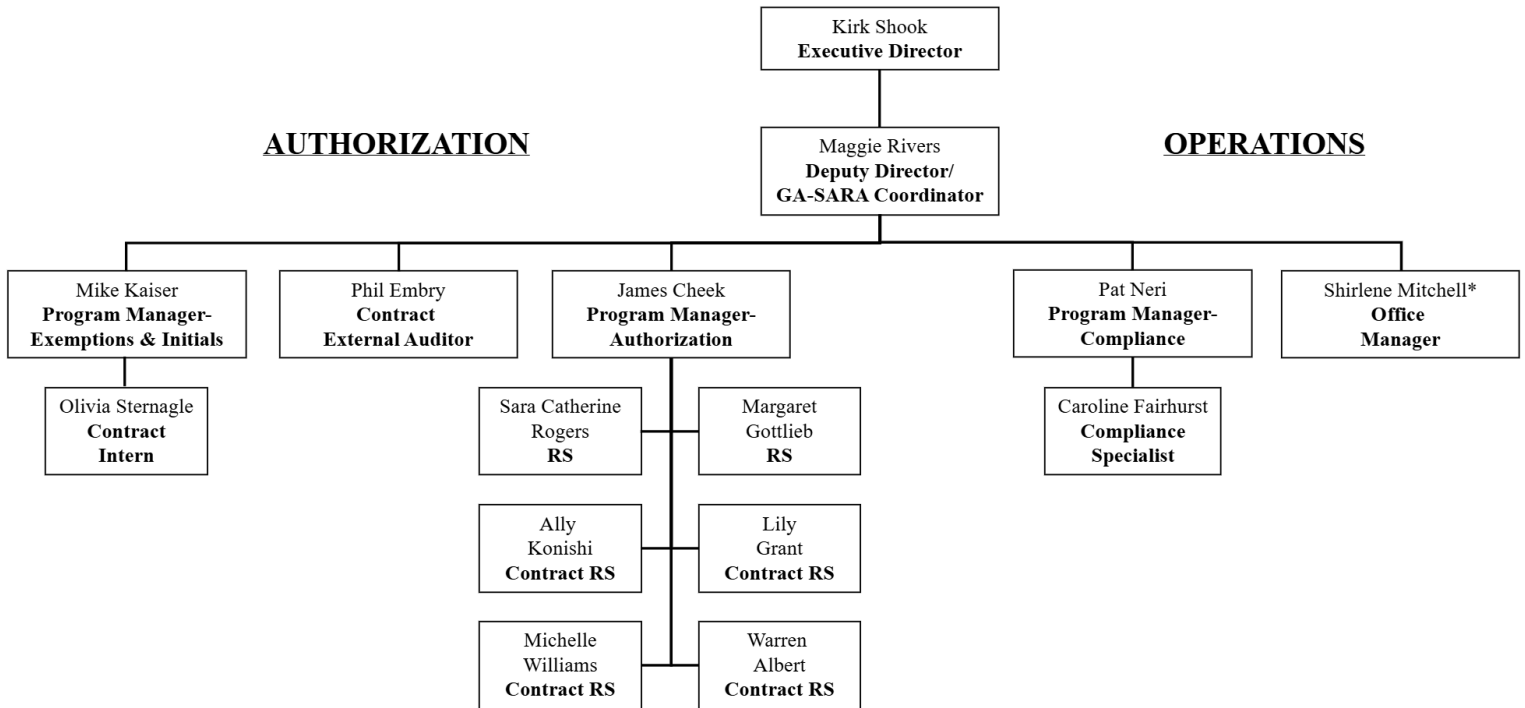

Vision

The vision of the agency is to promote excellence, efficiency, and systematic improvement in the regulation of nonpublic postsecondary educational institutions to ensure quality education for improving the workforce in Georgia and the lives of Georgia's citizens.

Core Values

The agency provides the critical consumer protection functions of assuring prospective and enrolled students that the institutions regulated meet minimum standards and assuring prospective employers that graduates have acquired appropriate job skills while balancing the regulatory burdens that Georgia institutions face to provide educational programming to students.

Organizational Structure (July 1, 2024-June 30, 2025)

Appropriations and Revenue Collections

NPEC is a revenue generating agency primarily resulting from fee collections required as part of institutional applications for annual authorization, which are based on tuition received by an institution during its most recently completed fiscal year or, in the case of initial authorizations, projections for the first year of authorization. In addition, other fees are based on specific services performed by NPEC such as approval of a change of ownership, evaluation of proposed new programs and updates to administrative records. Fees are also collected for transcript requests, as part of applications for exemptions, and for financial viability assessments. Revenue collections for Fiscal Year 2025 were \$1,140,582. Additionally, NPEC collects funds from select institutions for the Tuition Guaranty Trust Fund that are maintained by the agency for students adversely affected by precipitous closures. These collections are detailed in another area of this report (starting on p. 37).

NPEC's state appropriation for its Fiscal Year 2025 annual operating budget was \$1,053,169 with an additional one-time budget enhancement of \$45,000 provided in the Amended Fiscal Year 2025 budget for technology upgrades. No federal funds were received.

GEORGIA NONPUBLIC POSTSECONDARY EDUCATION COMMISSION FISCAL YEAR 2025 SCHEDULE OF GNPEC OPERATIONS TWELVE MONTHS ENDING JUNE 30, 2025 (UNAUDITED)				
ITEM	SPENDING		BUDGET	% SPENT
Personal Services	\$ 932,998	\$ 1,004,995		92.84%
Regular Operating	31,752	37,174		85.41%
Equipment Purchase	0	1,000		0.00%
Contracts	45,107	48,000		93.97%
Computer Charges	1,755	2,000		87.74%
Telecommunications	2,699	5,000		53.98%
TOTAL	\$ 1,014,310	\$ 1,098,169		92.36%
Total SPR receipts and interest collected in FY25 were \$492,634.47. NPEC will surplus \$164,838.62 to the Office of the State Treasury.				
Since FY19, NPEC has returned \$523,236.59 to the state. Surpluses to OST in previous years are as follows: FY24=\$51,337.23 FY23=\$27,704.28 FY22=\$49,900.92 FY21=\$130,052.9 FY20=\$19,520.21 FY19=\$79,881.40				

Regulatory Compliance

O.C.G.A. § 20-3-250.8 requires each nonpublic postsecondary educational institution desiring to operate or conduct postsecondary activities in Georgia to file an application for authorization. To ensure application of the law governing this agency and its associated institutions, regulatory compliance is central to NPEC operations. This is achieved through the authorization process, which includes application review and critique, curriculum evaluation, complaint mediation, and, for in-state institutions, annual campus visits. Curriculum evaluation occurs when an institution proposes a new or modified program. This process may require the formation of a committee, made up of an expert or team of experts who specialize in the field of instruction of the proposed program, who will offer a recommendation to NPEC as to its quality. All compliance activities are reviewed by multiple NPEC professional staff persons for accuracy, consistency, and adequacy and then are recorded electronically in a customized agency database. This permits easy and secure access to all relevant institutional documentation associated with NPEC oversight. Authorization differs from accreditation in that accreditation is a voluntary process in which educational institutions of higher learning are evaluated by a peer review board whose members include faculty from various accredited colleges and universities. Whereas NPEC is the state's arm in regulating postsecondary education, recognized accreditors are granted authority by the United States Department of Education to accredit institutions, which will in turn qualify to receive federal financial aid.

Additionally, certain institutions are exempted from seeking authorization; alternatively, those institutions seek a Notice of Exemption, the details about which are expanded upon in the section titled *Postsecondary Institutions Exempted from Authorization*.

Academic Record Keeping

NPEC requires that authorized institutions maintain student academic records in a prescribed format. This not only allows for consistent student access but also supports the transfer of student records to the agency with a minimum of difficulty in the event the institution closes. O.C.G.A. § 20-3-250.17 mandates such transfer to the state/NPEC, and institutions are required to provide a signed Record Agreement annually as part of the Renewal of Authorization Application. In addition to stipulations associated with closure, this document also provides requirements for ongoing record maintenance while the institution is in operation. With regards to academic records of closed institutions previously authorized by NPEC, the Commission is responsible for fielding transcript requests from students and/or approved representatives. While inquiries for some closed postsecondary institutions are made through an electronic form available on the NPEC website, in March of 2025, GNPEC contracted with a third-party transcript fulfillment servicer, Verif-y, to fulfill the majority of the transcript requests. In FY25, 1,868 transcript requests were made; 1,526 directly to GNPEC (with an average fulfillment time of 4.4 days) and 342 to Verif-y (with an average fulfillment time of 0.6 days). In FY25, due to the ongoing student record digitization process, the number of boxes stored at the State Records Center has been reduced by 275 since June 30, 2024 and 2,314 boxes since June 30, 2019. As of June 30, 2025, 656 boxes of student records from closed institutions are stored at the State Records Center. Additionally, in the case of an institutional closure, any paper records received are digitized so as to not accumulate paper records.

Institutional Closures

In Fiscal Year 2025, 35 NPEC authorized institutions closed. During closings, NPEC staff typically work with the institution’s representatives, students, and other institutions to provide students with the opportunity to complete their programs of study either at the closing institution or at another institution. Student academic records were sought upon receipt of notification of each closure. To provide student access, records were digitized in-house or sent to other active campuses of the closed institution. When an institution or campus ceases operations, it is an institutional closure and pursuant to O.C.G.A. § 20-3-250.17, institutions are required to provide academic records to NPEC.

Student Complaints

To provide consumer protection, O.C.G.A. §§ 20-3-250.5(c)(5) & 20-3-250.3(a)(7), (10), (11), (14) provides NPEC with the lawful responsibility to investigate complaints filed against institutions. NPEC requires that complaint policies of authorized institutions include a student’s right to appeal an institution’s final determination with NPEC. Complaints are submitted electronically on the NPEC website, and a full investigation is completed by the NPEC staff person responsible for the compliance review of the institution. This process involves consultation with appropriate institution officials upon receipt of a complaint and visitation to institutions, as needed. NPEC regards the prompt resolution of complaints from students as a high priority of the agency. In addition to formal complaints, NPEC responds to all inquiries and concerns made by students regarding the institution at which they are enrolled. In Fiscal Year 2025, NPEC investigated 102 student complaints.

Type of Complaint	Number of Complaints
School Resolved	25
Resolved by NPEC in Support of Student	1
Resolved by NPEC in Support of Institution	4
Pending	0
NPEC Has No Oversight	27
Student Withdrew Complaint	17
Inquiry/Referral	28
Unknown Submission/No Response	0
Total	102

SARA State Portal Entity

The State of Georgia became a member of the National Council for State Authorization Reciprocity Agreements (NC-SARA) in October 2015. As the state coordinating “portal” agency, NPEC assures that institutions which are SARA-approved in their own states follow NC-SARA policy in providing on-line programming to residents of Georgia. NPEC reviews applications from Georgia institutions wanting to become SARA-approved by the state so that those institutions may offer online programming to residents of other states. NPEC also serves as the agent for complaints filed relative to Georgia-SARA approved institutions and facilitates the resolution of complaints filed by Georgia residents relative to out-of-state institutions.

During Fiscal Year 2025, a total of 89 Georgia institutions were SARA-approved through NPEC action and became institutional members of NC-SARA. Of these, 26 were University System of Georgia institutions, 22 were Technical College System of Georgia institutions, and 41 were Georgia nonpublic degree granting accredited institutions. A list of these institutions can be found in Exhibit D on p. 50 of this report.

The most recent data available (Fall 2024) shows that 97,046 students located in Georgia took online courses at an out-of-state institution participating in SARA, and 29,297 out-of-state students took online courses at a Georgia institution participating in SARA.

Participation in SARA is of great benefit to the state of Georgia. In June 2025, the National Center for Higher Education Management Systems conducted a return-on-investment study that estimated that colleges and universities in Georgia have saved more than \$30 million for initial authorization. Additionally, Georgia SARA- participating institutions annually have saved more than \$16 million on renewal of authorization applications in the various states where these institutions enroll online students. By contrast, in FY25, the 89 Georgia institutions participating in GA-SARA paid a combined \$482,100 in fees to participate (only \$183,500 was paid to Georgia, while \$298,600 was paid to NC-SARA).

Postsecondary Institutions Exempted from Authorization

Pursuant to O.C.G.A. § 20-3-250.3, certain postsecondary educational institutions are not subject to the Nonpublic Postsecondary Educational Institutions Act of 1990; therefore, they are excluded from NPEC authorization (i.e., “exempt”).

Under O.C.G.A. § 20-3-250.3(a)(4), all state operated higher education institutions are exempt from NPEC authorization as are the 36 independent private colleges and universities [O.C.G.A. § 20-3- 250.3(a)(10), (11), (13) and (14)]. A list of these institutions can be found in Exhibit A on p. 39 of this report.

Under O.C.G.A. § 20-3-250.3(a)(4), institutions that are regulated by other state agencies are exempt from authorization, such as those regulated by licensing boards under the Georgia Secretary of State or Board of Nursing. Some examples include cosmetology, select nursing programs, barbering, truck driving, and real estate institutions.

Under O.C.G.A. § 20-3-250.3(a)(6), there are currently 66 religious institutions that are exempt from NPEC authorization. Annually, each religious institution must demonstrate to NPEC that the institution grants only religious degrees and/or certificates; does not receive federal or state funds; and does not accept students using federal or state loans to attend. A list of these institutions can be found in Exhibit E on p. 53 of this report.

Additionally, as set forth by O.C.G.A. § 20-3-250.3(a), NPEC exempts numerous “other” institutions that meet the exemption criteria that include education solely avocational or recreational in nature, flight training schools approved by the Federal Aviation Administration, test and tax preparation, institutions on military installments solely for the education of military personnel and their dependents, and education sponsored by a trade, business, or fraternal organization solely for that organization’s membership.

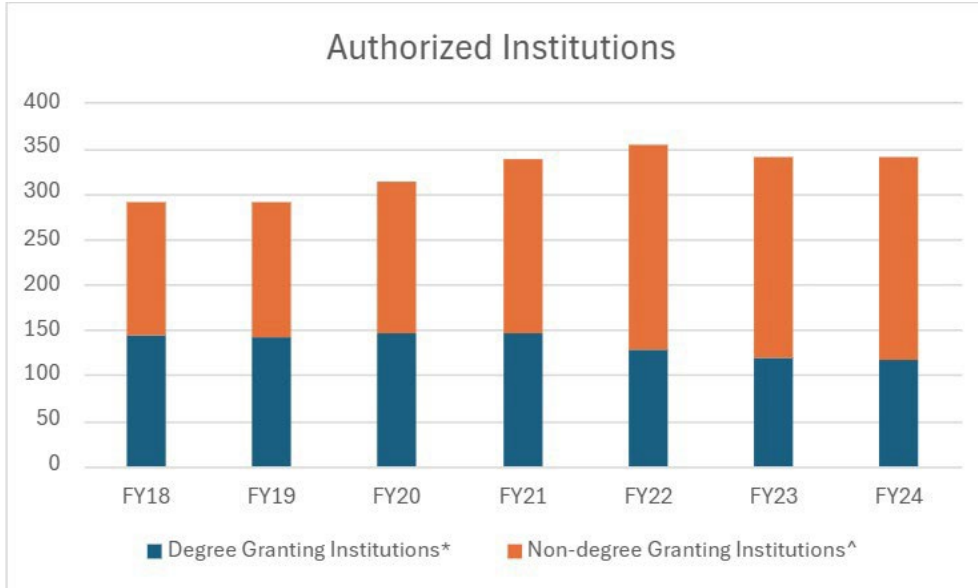

SUMMARY OF ACTIVITIES

The Nonpublic Postsecondary Education Commission (NPEC) authorizes new institutions and processes renewal authorizations annually. This chart depicts other key functions delivered by NPEC such as providing transcripts to students of closed institutions, investigating student complaints, and facilitating institutional closures.

ACTIVITY	FY19	FY20	FY21	FY22	FY23	FY24	FY25
Newly Authorized Institutions	33	44	49	60	47	30	56
Student Transcript Requests	714	708	787	788	767	1,300	1,868
Student Complaint Investigations	24	75	53	46	81	54	102
Institutional Closures	24	23	14	21	25	26	35

Institutions Authorized in Georgia

This chart depicts the total number of degree-granting and non-degree granting (certificate-granting) institutions that were authorized in Georgia.

AUTHORIZED INSTITUTIONS	FY19	FY20	FY21	FY22	FY23	FY24	FY25
Degree Granting Institutions*	142	146	145	127	120	117	126
Non-degree Granting Institutions^	149 (51%)	166 (53%)	192 (57%)	226 (64%)	220 (65%)	222 (65%)	227 (64%)
Total	291	312	337	353	340	339	353

*Pursuant to O.C.G.A. § 20-3-250.5(c)(3), a complete list of degree granting institutions can be found in Exhibit B on page 40 of this Annual Report

^ Pursuant to O.C.G.A. § 20-3-250.5(c)(3), a complete list of non-degree granting institutions can be found in Exhibit C on page 44 of this Annual Report

Site Visit Reports

Pursuant to O.C.G.A. § 20-3-250.8(c), NPEC is responsible for in-state “on-site inspections of the physical facility in which the institution will be operating.” In accordance with O.C.G.A. § 20-3-250.8(g), such on-site inspections are also required for Renewal of Authorization applications. Additionally, NPEC completes other visits as deemed necessary by staff for the purpose of ensuring compliance with the Minimum Standards. In FY25, 311 site visits were conducted. As a note, legislative changes effective July 1, 2021 allowed NPEC to conduct virtual site visits for qualifying institutions, which are reflected below.

Institution Name	Modality of Visit	Type of Visit	Location
Ist Class Dental Assistant Academy	In Person	Renewal Site Visit	Marietta, GA

STUDENT RECORDS SURRENDERED

Closed Institutions are required to surrender student records as part of the process to cease operations in Georgia. The following lists those that surrendered records during FY25:

Institution	Location
Atlanta School of Massage	Atlanta, GA
Excel Dental Assisting School	Atlanta, GA
Bloom Institute of Technology	San Francisco, CA
Health and Style Institute	Atlanta, GA
Health and Style Institute	Kennesaw, GA
UEI - Online	Gardena, CA
InspectionGo Academy	Tyrone, PA
Modern Dental Career Center	Lawrenceville, GA

ADVERSE ACTIONS

NPEC is responsible for ensuring compliance with applicable state laws and associated policies and procedures. As such, adverse actions are the official activities completed by the agency when an institution fails to comply with key directives, such as requiring Authorization, taking down programmatic advertisements, and surrendering student records.

A common adverse action is the notification to an institution that it is operating without Authorization. This is first communicated with a cease-and-desist warning email and, if needed, a follow-up formal cease-and-desist email. Information detailing the Authorization process as well as agency contacts are also provided. In FY25, 23 such cease-and-desist emails were sent.

Should the noncomplying institution fail to adequately respond to the cease-and-desist email, a cease-and-desist letter is sent to the address of record or to the email of record. Formal *Closure*, *Notification of Noncompliance*, and *Student Record Demand Letters*, either directing the institution to cease operation until Authorization is obtained or to surrender student records in accordance with O.C.G.A. § 20-3-250.17, respectively, are also sent by NPEC. These are sent certified to the address of record as well as the email of record. In FY25, one (1) cease and desist letters and one (1) record demand letters were sent.

If it becomes clear the agency is not having success communicating with a noncomplying institution, NPEC will request action from the Office of the Attorney General of Georgia. In FY25, five (5) such requests were made.

NPEC also publishes [Consumer Alerts](#) on its website. In FY25, eight (8) such alerts were posted, and the page reached over 6,100 page views.

LEGISLATIVE SUMMARY

NPEC did not experience any legislative changes in the 2025 Session.

FINANCIAL VIABILITY ASSESSMENTS

O.C.G.A. §§ 20-3-250.6(a)(1)(H) & 20-3-250.6(c) establishes that authorized and exempt institutions must meet the standards to be financially sound and capable of fulfilling their commitments to students. Beginning in April 2015, NPEC implemented a rigorous financial viability assessment (FVA) of authorized institutions to prioritize institutional fiscal stability as part of the overall evaluation required for authorization and to protect the TGTF. Proactive review and communication with the institutions have assisted NPEC to enhance its planning of potential teach-outs and estimations of student reimbursements, both of which are often required in the case of institutional closures.

The financial viability assessment at NPEC is achieved through a collaborative review of financial documentation submitted by authorized institutions, completed by both NPEC professional staff and an external auditor. For all authorized and “audit only” exempt institutions, financial viability assessments are completed annually. In both NC-SARA and GA-SARA applications, a Department of Education Financial Responsibility Composite Score is a required component. For those GA-SARA applicants/renewing institutions that do not participate in Title IV (Federal Financial Aid) or whose Composite Scores are between 1.00 and 1.5, NPEC conducts a financial viability assessment. In Fiscal Year 2025, 339 authorized institutions, 37 audit and bond only exempt institutions, and 4 composite scores were calculated and confirmed for four SARA institutions that did not have a composite score produced by Federal Student Aid. The possible outcomes for authorized and exempt institutions are as follows:

Low Financial Monitoring – The institution is found to be without significant findings to doubt concern of its financial viability. It has satisfied indicators of sound financial health. Examples include the provision of financial information demonstrating current assets that exceed current liabilities and reflect a positive net working capital, profit, or surplus from the prior fiscal year. Additionally, if applicable, the institution indicates a low risk of stocks to assets and meets United States Department of Education (USDOE) requirements.

Moderate Financial Monitoring – The institution’s financial stability is found to be in question. There are some findings that have raised concerns over the financial viability of the institution, but they are not significant. An institution with some findings may be required to provide specified documentation (e.g., Audit) or show improvement in its financial position within a set period. The institution may be asked to provide a Financial Improvement Plan (FIP). If it is required to provide the FIP, the institution will be subject to the “Financial Improvement Plan Guidelines” provided on the GNPEC website.

High Financial Monitoring – There are significant findings to raise concern over the financial viability of the institution. If an institution is found to need High Financial Monitoring, its financial position suggests a high risk of closure. If an institution is found to need High Financial Monitoring, it will be required to provide a financial improvement plan (FIP) and bond in accordance with the amount requirements set forth in [Policy 16](#). It will be subject to the “Financial Improvement Plan Guidelines” provided on the GNPEC website.

An institution may be required to produce some type of documentation or show proof of a change in its financial position before full authorization is given. The timeline for producing the documentation or making the improvement will be given by the program manager or auditor. The requirements and timeline will be communicated to the institution by the RS unless a teach-out plan is required. When a teach-out plan is required, the Deputy Director will send an official notice on GNPEC letterhead. If an institution is required to provide a “Teach-out Plan”, the institution must at the same time provide GNPEC with transcripts for all previously withdrawn and graduated students and provide the transcripts on a quarterly basis.

FVA OUTCOMES OF AUTHORIZED INSTITUTIONS	FY16	FY17	FY18	FY19	FY20	FY21

TUITION GUARANTY TRUST FUND ACTIVITIES

O.C.G.A. § 20-3-250.27 created the Tuition Guaranty Trust Fund (TGTF), which is designed to provide a teach-out or refund to students at institutions that close and fail to honor commitments to complete the students' programs of study. The TGTF serves as an insurance pool of funds available for students of closed institutions. NPEC adopted a fee structure, based upon one-tenth of one percent of the institutions' annual gross tuition receipts. Beginning in July 1992, authorized institutions began to make annual payments to the TGTF. In accordance with O.C.G.A. §§ 20-3-250.27(e) & 20-3-250.27(h), the following chart reflects the activities of the TGTF over the past seven years and the financial strength of the fund. *Teach-out of Students* is the cost associated with the completion of a course of study at another institution following the closure of an institution. *Refund of Tuition* is the amount of reimbursement paid to students should they be unable or unwilling to complete their programs elsewhere.

TUITION GUARANTY TRUST FUND ANNUAL REPORT

		<u>FY20</u>	<u>FY21</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>
Beginning Fund Balance	\$	3,819,170	4,343,342	\$4,241,360	4,467,188	4,773,718	5,454,995

Refunds of Tuition		(60,130)	(253,329)	(0)	(0)	(3,950)	(193,307)
Total Payments		(75,294)	(271,052)	(17,045)	(10,382)	(17,507)	(226,681)
Ending Fund Balance	\$	4,343,342	4,241,360	4,467,187	4,773,718	5,454,995	5,627,990

*These one-time bond proceeds were from the closure of two Argosy campuses in the state in March 2019. These proceeds were only received after threatened litigation to the surety. Bond payments were received in April 2020. Disbursements to students after a claim period occurred in FY21, and only after the TGTF was indemnified pursuant to O.C.G.A. § 20-3-250.10(a).

^These one-time bond proceeds were from the closure of two Art Institute campuses, one in Atlanta and one in Miami. Art Institute of Atlanta was exempt from authorization pursuant to O.C.G.A. § 20-3-250.3(a)(14) while the Miami campus (Miami International University of Art and Design) was authorized by the agency. Disbursements to students after a claim period occurred in FY25. The TGTF was indemnified by the bond.

ACCOMPLISHMENTS

Accomplishments

- Digital scanning project of student records to improve transcript request processing times and reduce budgetary expenditures for student record storage is vastly underway and scheduled to be completed by April 2026.
- Contracted the services of a third-party transcript fulfillment service, Verif-y, to fulfill 90% of closed school transcript requests. The turnaround time to provide an adequately verified transcript by Verif-y is approximately 5 minutes.
- Revised agency Schedule of Fees to more directly align with workload requirements and to ensure the agency remains self-funded.
- Creation of internal program minimum standards of most reviewed allied health programs (phlebotomy, medical assisting, dental assisting, etc.).
- Developed standardized internal program review documentation to allow Regulatory Specialists to conduct program evaluations of specific allied health programs based on best practices and norms in the respective industries.
- Edvera, online application system for institutions, enhancements to improve effectiveness and efficiency of processes.
- Agency staff led presentation at the S-SARA RSC Meeting on conducting financial viability assessments.
- Agency staff presented on the use of AI in daily compliance work at the NASASPS Annual Conference.
- Continuing to meet strategic plan goals, including reducing complaint investigation process time to 7.5 days, a 91% decrease since FY19 and increasing traffic to the agency's website to promote access to information and transparency, including a record number of visitors to our Consumer Alerts page.
- Maintained a 100% retention rate for all contract staff for the third fiscal year in a row.
- Created and began piloting use of internal program minimum standards of most reviewed programs (phlebotomy, medical assisting, dental assisting, etc.).
- Revised schedule of fees to more directly align with workload of the agency.
- Transitioned all transcript servicing from in-house to a third-party vendor, saving hundreds of hours of staff time.
- Streamlined site visit process for consistent and improved evaluation to include records guidance.
- Record high traffic to consumer alerts page with over 6,100 page views.
- Transition of all teaching sites to authorized institutions.
- Agency representation on a national and regional stage highlighting agency processes: Deputy Director presenting at NASASPS on the application of AI in compliance work and Auditor at the S-SARA SREB annual meeting on institutional financial score calculations.

EXHIBIT A

Exempt Institutions

Pursuant to O.C.G.A. § 20-3-250.6(c), Exempt Institutions listed in O.C.G.A. § 20-3-250.3(a) under paragraphs (7), (10), (11), (13), and (14) are required to submit audited financial statements to NPEC annually. The following institutions provided the Commission with an audited financial statement as required for **Fiscal Year 2025**:

O.C.G.A. § 20-3-250.3(a)(7) Institutions:

1. Atlanta's John Marshall Law School

O.C.G.A. §§ 20-3-250.3(a)(10), 20-3-250.3(a)(11) & 20-3-250.3(a)(13) Institutions:

- | | |
|--|--|
| 1. Agnes Scott College | 18. Mercer University/Macon |
| 2. Andrew College | 19. Morehouse College |
| 3. Berry College | 20. Morehouse School of Medicine |
| 4. Beulah Heights University | 21. Oglethorpe University |
| 5. Brenau University | 22. Paine College |
| 6. Brewton-Parker College | 23. Piedmont College |
| 7. Clark Atlanta University | 24. Point University |
| 8. Columbia Theological Seminary | 25. Reinhart University |
| 9. Covenant College | 26. Savannah College of Art and Design |
| 10. Emmanuel College | 27. Shorter University |
| 11. Emory University | 28. Spelman College |
| 12. Georgia Military College | 29. Thomas University |
| 13. Georgia School of Orthodontics | 30. Toccoa Falls College |
| 14. Interdenominational Theological Seminary | 31. Truett McConnell University |
| 15. LaGrange College | 32. Wesleyan College |
| 16. Life University, Inc. | 33. Young Harris College |
| 17. Luther Rice College & Seminary, Inc. | |

O.C.G.A. § 20-3-250.3(a)(14) Institutions:

1. South University

EXHIBIT B

Degree-Granting Nonpublic Postsecondary Institutions

O.C.G.A. § 20-3-250.5(c)(3) requires NPEC to “maintain separate lists of degree-granting nonpublic postsecondary educational institutions, nondegree-granting postsecondary educational institutions, and agents authorized to operate in this state under this part. Such lists shall be available for the information of the public.”

Institution	Location	Type
