

SEPTEMBER 2021

**GEORGIA NONPUBLIC
POSTSECONDARY EDUCATION COMMISSION**

NEW COMMISSIONERS

We are pleased to welcome [Drew Van Horn](#), [Pranay Udutha](#), [Doug Roper](#), and [P.K. Martin](#) to the GNPEC Commission. Please select the name of each Commissioner to learn more about each of them.

STAFF CHANGES

Sara Catherine Rogers, GNPEC's newest Regulatory Specialist, has completed her on-boarding and is now assuming her institutional workload.

INSTITUTIONAL WORKLOAD TRANSITIONS

With the start of Fiscal Year 2022 and the growth in number of institutions GNPEC oversees, the agency has undergone restructuring. With this, we've adjusted the institutional assignments of each Regulatory Specialist (RS) to improve the efficiency of the staff to meet more regional demands.

It is possible your institution has been reassigned; if so, your former RS will introduce you to your new RS via email. We encourage you to reach out to get to know your new RS.

REMINDERS

Changes in Site Visits

Due to recent legislative changes, GNPEC has gained some flexibility in the manner in which site visits may be conducted. This will not affect the site visits at all authorized institutions, but if it affects your institution, your RS will be in contact in the coming months.

Payment of Fees Portals

Within each of the main fee portals (NON-TGTF Payments and TGTF Payments), there are new dropdown fields for the specific fee category for which you are making the payment. If you do not see the correct payment option listed in the dropdown, you are likely in the wrong portal; go back and check within the other portal for the specific name of the type of fee for which you are paying. If you are still unsure, please reach out to your RS for help **before** making a payment into the wrong portal.

Avoid paying late fees- pay [online](#) instead!
